

Position Description

Position	Community, Older Adults & Rehabilitation Social Worker
Team / Service	Te Herenga Tangata (Community Older Adults, Rehab and Allied Health)
Directorate	Community, Allied Health and Older Adults Group (CAHOA)
District	Capital, Coast & Hutt Valley
Responsible to	Team Leader Te Herenga Tangata
Professional accountability to	Professional Leader Social Work
Children's Act 2014	This position is classified as a children's worker, requiring a safety check including police vetting before commencing and every three years
Location	This position is expected to work from Hutt Hospital campus. Community Social Work is primarily across the Hutt Valley with some work across "multiple locations across the district".

Te Whatu Ora

The Health System in Aotearoa is entering a period of transformation as we implement the Pae Ora/Healthy Futures vision of a reformed system where people live longer in good health, have improved quality of life, and there is equity between all groups.

We want to build a healthcare system that works collectively and cohesively around a shared set of values and a culture that enables everyone to bring their best to work and feel proud when they go home to their whānau, friends and community. The reforms are expected to achieve five system shifts. These are:

1. The health system will reinforce Te Tiriti principles and obligations
2. All people will be able to access a comprehensive range of support in their local communities to help them stay well
3. Everyone will have equal access to high quality emergency and specialist care when they need it
4. Digital services will provide more people the care they need in their homes and communities
5. Health and care workers will be valued and well-trained for the future health system

Context

Capital, Coast & Hutt Valley district provides hospital and health services in primary, secondary and tertiary healthcare to a total population base of approximately 445,000 citizens.

We are accountable for meeting the needs of and improving health outcomes for all the constituent populations of our district, and the region more broadly. Together we:

- provide secondary and tertiary, medical and surgical hospital services alongside community based health care

- fund local health providers and work collaboratively with the community to create and support multiple health education initiatives and projects within the region
- deliver health services directly as well as contracting external providers
- provide local, sub-regional, regional and national health services as well as community-based health, rehabilitation and support services.

The majority of the district's population live in Wellington and Lower Hutt. The Māori and Pacific populations of Lower Hutt and Wellington are proportionally similar, with the largest Pacific population in the region in Porirua. Kapiti and Upper Hutt have similar numbers of Māori and Pacific people. Most people are enrolled with a GP near their place of residence, so the increasing focus on community-based healthcare is expected to lead to better health outcomes for these population groups. Hutt Hospital provides secondary and some tertiary, medical and surgical hospital services alongside community based health care from its main facility in Lower Hutt City. In addition to funding local health providers and working collaboratively with the community to create and support multiple health education initiatives and projects, Hutt Hospital is the centre for five tertiary regional and sub-regional services - Plastics, Maxillofacial and Burns Services; Rheumatology; Dental Services; Regional Public Health; and Regional (Breast and Cervical) Screening Services.

Wellington Regional Hospital in Newtown is the region's main tertiary hospital with services such as complex specialist and acute procedures, intensive care, cardiac surgery, cancer care, neurosurgery and renal care. The hospital is the key tertiary referral centre for the lower half of the North Island and the upper half of the South Island.

Kenepuru Community Hospital and Kapiti Health Centre provide secondary and community services based in Porirua and the Kapiti Coast

MHAIDS is the mental health, addictions and intellectual disability service for the Wairarapa District and Capital, Coast & Hutt Valley District, with multiple specialist facilities. Ratonga Rua-o- Porirua is our forensic, rehabilitation and intellectual disability inpatient unit.

Te Tiriti o Waitangi and Māori Health Outcomes

Māori are the indigenous peoples of Aotearoa. We have particular responsibilities and accountabilities through this founding document of Aotearoa. We value Te Tiriti and have adopted the following four goals, developed by the Ministry of Health, each expressed in terms of mana and the principles of:

- Mana whakahaere** Effective and appropriate stewardship or kaitiakitanga over the health and disability system. This goes beyond the management of assets or resources.
- Mana motuhake** Enabling the right for Māori to be Māori (Māori self-determination); to exercise their authority over their lives, and to live on Māori terms and according to Māori philosophies, values and practices including tikanga Māori.
- Mana tāngata** Achieving equity in health and disability outcomes for Māori across the life course and contributing to Māori wellness.
- Mana Māori** Enabling Ritenga Māori (Māori customary rituals) which are framed by Te Aō Māori (the Māori world), enacted through tikanga Māori (Māori philosophy & customary practices) and encapsulated within mātauranga Māori (Māori knowledge).

We will target, plan and drive our health services to create equity of health care for Māori to attain good health and well-being, while developing partnerships with the wider social sector to support whole of system change.

Te Mauri o Rongo – The New Zealand Health Charter

Te Mauri o Rongo recognises our connection to this work, to each other, to the people we serve and to our whakapapa. It speaks to specific behaviours that we will expect from each other guided by the pou of Te Mauri o Rongo:

- Wairuatanga** Working with heart, the strong sense of purpose and commitment to service that health workers bring to their mahi.
- Rangatiratanga** As organisations we support our people to lead. We will know our people; we will grow those around us and be accountable with them in contributing to Pae Ora for all.
- Whanaungatanga** We are a team, and together a team of teams. Regardless of our role, we work together for a common purpose. We look out for each other and keep each other safe. “Whiria te tangāta” – we will weave our people together.
- Te Korowai Āhuru** A cloak which seeks to provide safety and comfort to the workforce.

District Responsibility

The district leadership have collective accountability for leading with integrity and transparency a progressive, high performing organisation, aimed at improving the health and independence of the community we serve and achieving equitable outcomes for all. The leadership team are responsible for achieving this aim, aligned with our Region, within the available resources, through a skilled, empowered, motivated and supported workforce in line with government and HNZ policy.

Group Perspective

Community, Allied Health and Older Adults Group (CAHOA) provides services to people of all ages in outpatient, community and inpatient settings across Capital, Coast and Hutt Valley District. Wellington Hospital is one of five major tertiary hospitals in New Zealand and provides a comprehensive range of specialist secondary and tertiary services. Hutt Hospital also provides a range of specialist secondary and tertiary services. Older Person Rehabilitation Service (OPRS) is the Health of Older People Service based at Hutt Hospital and provides assessment, treatment and rehabilitation in Community Older Persons, Rehabilitation and Allied Health (Community ORA), inpatient and outpatient settings. Kenepuru Hospital provides health of the older person, rehabilitation, outpatient, accident and medical, a medical day ward and some elective surgical services. There are Community Health bases at Wellington, Hutt, Kenepuru and Kapiti campuses that provide a variety of community services across C,C &HV. The Community ORA service is part of the CAHOA Group.

CAHOA group is currently undertaking an enhancement project that intends to review its services and align them as much as possible across the District to optimise and promote patient centred, equity focused care.

Team/Service Perspective

Te Herenga Tangata is a multi-professional team offering a range of intervention options to people of all ages, who meet the eligibility criteria. The team works to identify, treat and reverse medical issues where possible, offer rehabilitation, and support people to live well with long-term physical health conditions and disabilities. The team has a focus on interdisciplinary work, with single discipline interventions provided as appropriate.

Using funding from the DHB, ACC, and the Ministry of Health the service offers a range of interventions options including;

- Comprehensive Geriatric Assessment
- Outcome focussed rehabilitation
- Assessment and appropriate support for people with disabilities, long-term conditions and life limiting illnesses
- Consultancy and support to colleagues in the Residential Care sector, Home and Community Support Services, Primary care and other community agencies.

Purpose of the role

A **social worker** (third year of practice onwards) provides safe and clinically effective patient/client assessment and intervention, within a specific clinical area with a development of more in depth knowledge and skills.

Te Herenga Tangata is moving towards an inter-professional practice approach so all staff will have the opportunity to Key Work and complete inter-professional tasks where appropriate.

The social worker in this role will work with people whose health needs and recovery may be complicated by housing/homelessness, financial concerns, family conflict/abuse neglect, legal and capacity issues etc.

Older adults, people with long-term conditions, neuro degenerative and palliative diagnoses are part of the caseload, along with those rehabilitating from a significant health event such as a stroke.

To effectively meet the needs of the client/whānau, the social worker will have an understanding of the impacts of colonisation within Aotearoa NZ and a commitment to exploring and embedding pro-equity approaches within our service.

Key knowledge and skills include;

- Completing comprehensive psychosocial assessments, identifying strengths, risks and enablers in the client/whānau situation
- Identifying the beliefs, emotional and psychological issues, whānau and wider systems that may prevent or support recovery
- Recognizing and meeting the needs of informal carers in order to support their health and wellbeing
- Assisting the client/whānau to manage the impact of a diagnosis and/or long term condition and remain engaged in rehabilitation and recovery.
- Using supportive counselling to help people manage issues of grief, loss and adjustment
- Developing relationships with community/other healthcare providers in order to connect clients to appropriate support

- The legislation pertaining to family violence, protection of vulnerable adults etc
- Meeting facilitation
- Promoting the social work role as part of an interdisciplinary team and the developing primary-secondary arena.
- Networking and relationship building

Works in other areas as identified or following a reasonable request in order to support the organisation in managing safe patient care and maintaining service delivery.

Key Accountabilities

The following role accountabilities may evolve with organisational change and there may be additional duties, relevant to this position that will be required to be performed from time to time.
