Children's Act 2014	This position is not children's worker, requiring a safety check with Ministry of Justice vetting before commencing
Location	Hutt South and Central Community Mental Health team base 40-42 Queens Drive Lower Hutt

Te Whatu Ora

The Health System in Aotearoa is entering a period of transformation as we implement the Pae Ora/Healthy Futures vision of a reformed system where people live longer in good health, have improved quality of life, and there is equity between all groups.

We want to build a healthcare system that works collectively and cohesively around a shared set of values and a culture that enables everyone to bring their best to work and feel proud when they go home to their whānau, friends and community. The reforms are expected to achieve five system shifts. These are:

1. The health system will reinforce Te Tiriti principles and obligations
2. All people will be able to access a comprehensive range of support in their local communities to help them stay well
3. Everyone will have equal access to high quality emergency and specialist care when they need it
4. Digital services will provide more people the care they need in their homes and communities
5. Health and care workers will be valued and well-trained for the future health system

Context

Capital, Coast & Hutt Valley district provides hospital and health services in primary, secondary and tertiary healthcare to a total population base of approximately 445,000 citizens.

We are accountable for meeting the needs of and improving health outcomes for all the constituent populations of our district, and the region more broadly. Together we:

- provide secondary and tertiary, medical and surgical hospital services alongside community based health care
- fund local health providers and work collaboratively with the community to create and support multiple health education initiatives and projects within the region
- deliver health services directly as well as contracting external providers
- provide local, sub-regional, regional and national health services as well as community-based health, rehabilitation and support services.

The majority of the district's population live in Wellington and Lower Hutt. The Māori and Pacific populations of Lower Hutt and Wellington are proportionally similar, with the largest Pacific population in the region in Porirua. Kapiti and Upper Hutt have similar numbers of Māori and Pacific people. Most people are enrolled with a GP near their place of residence, so the increasing focus on community-based healthcare is expected to lead to better health outcomes for these population groups. Hutt Hospital provides secondary and some tertiary, medical and surgical hospital services alongside community based health care from its main facility in Lower Hutt City. In addition to funding local health providers and working collaboratively with the community to create and support multiple health education initiatives and projects, Hutt Hospital is the centre for five tertiary regional and sub-regional services - Plastics, Maxillofacial and Burns Services; Rheumatology; Dental Services; Regional Public Health; and Regional (Breast and Cervical) Screening Services.

Wellington Regional Hospital in Newtown is the region's main tertiary hospital with services such as complex specialist and acute procedures, intensive care, cardiac surgery, cancer care, neurosurgery and renal care. The hospital is the key tertiary referral centre for the lower half of the North Island and the upper half of the South Island.

Kenepuru Community Hospital and Kapiti Health Centre provide secondary and community services based in Porirua and the Kapiti Coast

MHAIDS is the mental health, addictions and intellectual disability service for the Wairarapa District and Capital, Coast & Hutt Valley District, with multiple specialist facilities. Ratonga Rua-o- Porirua is our forensic, rehabilitation and intellectual disability inpatient unit.

Te Tiriti o Waitangi and Māori Health Outcomes

Māori are the indigenous peoples of Aotearoa. We have particular responsibilities and accountabilities through this founding document of Aotearoa. We value Te Tiriti and have adopted the following four goals, developed by the Ministry of Health, each expressed in terms of mana and the principles of:

Mana whakahaere Effective and appropriate stewardship or kaitiakitanga over the health and disability system. This goes beyond the management of assets or resources.

Mana motuhake Enabling the right for Māori to be Māori (Māori self-determination); to exercise their authority over their lives, and to live on Māori terms and according to Māori philosophies, values and practices including tikanga Māori.

Mana tāngata Achieving equity in health and disability outcomes for Māori across the life course and contributing to Māori wellness.

Mana Māori Enabling Ritenga Māori (Māori customary rituals) which are framed by Te Aō Māori (the Māori world), enacted through tikanga Māori (Māori philosophy & customary practices) and encapsulated within mātauranga Māori (Māori knowledge).

We will target, plan and drive our health services to create equity of health care for Māori to attain good health and well-being, while developing partnerships with the wider social sector to support whole of system change.

The Vision, Mission and Values from our District

We bring forward and join our values within our district. These will change as we become a team of teams within Te Whatu Ora.

Hutt Valley

Vision

Whanau Ora ki te Awakairangi: Healthy people, healthy families and healthy communities are so interlinked that it is impossible to identify which one comes first and then leads to another.

Mission

Working together for health and wellbeing.

Ō mātou uara – Values

Mahi Pai 'Can do': Mahi Tahī in Partnership: Mahi Tahī Te Atawhai Tonu Always caring and Mahi Rangatira being our Best

Capital and Coast

Vision

Keeping our community healthy and well

Mission

Together, Improve the Health and Independence of the People of the District

Value

Manaakitanga – Respect, caring, kindness
Kotahitanga – Connection, unity, equity
Rangatiratanga – Autonomy, integrity, excellence

District Responsibility

The district leadership have collective accountability for leading with integrity and transparency a progressive, high performing organisation, aimed at improving the health and independence of the community we serve and achieving equitable outcomes for all. The leadership team are responsible for achieving this aim, aligned with our Region, within the available resources, through a skilled, empowered, motivated and supported workforce in line with government and HNZ policy.

Team/Service Perspective

Community Mental Health and Addiction Teams (CMHT)

The Adult Community Mental Health and Addiction service provides a range of community based services, clinics, home visits to groups of people with moderate to severe mental illness. The service is multi-disciplinary and includes staff such as psychiatrists, nurses, psychologists, occupational therapists, social workers, cultural therapists, kaumatua, kaiawhina and consumer advisors.

The Intake and Assessment Clinician facilitates access to mental health services in partnership with the people we support within the community. The role is based at the Hutt South and Central Community Mental Health team

Purpose of the role

Key priorities of the role:

- Receive non-urgent referrals from a variety of sources and triage/screen promptly as per the 3DHB Mental Health & Addiction Prioritisation (Triage) protocol
- Undertake a face to face initial assessment as required using the principles and documentation processes within Te Ara Oranga (MHAIDS Client Pathway)
- Facilitate access to relevant specialised mental health services or other external services (e.g. primary health counselling) if it is agreed in partnership with the person and the referrer that secondary mental health services are not appropriate for the person's needs
- Recognise that culturally safe practices are paramount, and liaise with relevant services such as Te Whāre Marie (Specialist Māori Mental Health Service) to ensure Māori whānau receive safe, high quality and equitable care
- Supports and assesses the mental health and addiction needs of specific population groups e.g. people living with disabilities, gender/sexual minorities and refugee/migrants and links to the appropriate services to assist with this
- Provide appropriate support to people who 'walk in' to the base, either for general mental health and addiction queries or presenting in crisis
- Assess and escalate any crisis/urgent referrals to the appropriate crisis mental health and addiction services
- Manage people who may only require one-off appointments or short term care with the team (less than 6 weeks) and follow the appropriate service exit processes to ensure appropriate caseload management.
- Formulate an agreed plan with the person and their key supports, which identifies options for further assistance/follow up including what to do in a potential crisis
- Works collaboratively alongside the community mental health teams and local service providers to access the most appropriate service/support for the person based on their requirements.
- Liaise with referrers, including local GP's and community networks/NGO providers in the region to ensure people get appropriate, timely and person centred-care and feed back to them if there are any issues regarding quality of referrals
- Acquires and manages evidence-based, up to date resources (including websites) to give to people who may have queries about their mental health
